

CEO's Secret Lover Novel Chapter 71 To 75

Chapter 71 - Kneel in Confession

Luo Qing Yun didn't want to hear her confess her mistake, so before she could finish, she interrupted her, "Don't talk about what happened that year. If you don't have anything else to say, I'll be leaving first."

With that, she got up and prepared to leave.

Seeing that, Xie Yue E immediately stopped her, "Don't, don't, don't, good, good, good, mother will not mention what happened back then, let's talk for now, don't go."

At this moment, the waiter brought up some coffee.

Luo Qing Yun picked up the coffee and took a sip. She felt disgusted and frowned, putting the coffee on the table and didn't touch it.

"Coffee is not good? Then let's change it to something else." Xie Yue E acutely noted the change in her expression and immediately replied.

"No, I don't want anything to drink."

Xie Yue E looked at her incomparably cold and detached daughter in front of him.

She thought back to the time when her children were just born. Many people around her envied her for her good fortune.

But ever since her husband became addicted to gambling and began to ignore the family, her nightmare had begun.

"How is he doing abroad? What major did you study in university for? " If he didn't want her to talk about the past, she would have to find a topic to talk about with her son.

"He's fine. He's studying medicine at a prestigious school. He's already a graduate student and will probably be studying for a PhD." Luo Qing Yun said expressionlessly.

When Xie Yue E heard this, her eyes became moist and she said with a face full of gratification, "Alright, I see that all of you are trying your best. Jing Bei this child has been smart since childhood, that year was born with such a big disease and also strong survival, is a fortunate child. "

When Luo Qing Yun heard her mention her brother's illness, her nose turned sour. Suppressing the bitterness in her heart, she said, "That's right, back then he was so seriously ill, both you and Father did not care about him. If not for him not dying, I am afraid he would not be in this world anymore."

Speaking of which, in order to save Luo Jing Xun's life, she had sacrificed his love, as well as his innocence, but now that he thought about it, everything was worth it.

After all, he was the only one.

He only looked at the coffee cup in front of him and said, "It's not that I don't want to save him, I've already prepared the money and planned to send it over to you, but this matter was known to Jiang De Yue somehow, he even knows that I spent all these years using money to supplement your brother and sister. He's very angry, so I'm not allowed to give you any more money,

and I'm not allowed to see you guys ..."

"So, you really don't care about us because you don't want to anger your rich husband."

In the end, her siblings were not as important to her as being rich and powerful.

"That's right, I'm afraid ..." Xie Yue E did not deny her selfishness. She sniffed and wiped away the tears flowing from the corner of her eyes as she said, "That day, when you went to the Jiang Family, you saw the scene where I lived there. You should be able to guess that I'm not having a good time in that family. "

"Yeah, I saw it, so I don't understand why you had to stay in that house. Are you really that reluctant to part with Jiang De Yue's money? " Luo Qing Yun could not understand how far a person needed to be conceited in order to be rich and powerful. He did not even want his dignity or face anymore.

"Yes, of course I can't bear to part with it. All these years, I was by his side and was often humiliated and ostracized by that stinking girl, Jiang Zhi Xin. Now that I have left the Jiang Family at this age, do I have to wait until I die alone? "

Luo Qing Yun was unable to understand her mother's value and could not accept it, but she did not refute her. On the contrary, she began to sympathize with the woman she had once hated.

Although she'd abandoned the two of them, it was clear that she hadn't been doing well all these years.

Was this God's punishment?

"Qingyun, mom knows that you might never forgive mom in your life, but on account of mommy having given birth to you once, can you please do

something for mommy?" Seeing Luo Qing Yun not saying a word, Xie Yue E's expression loosened, so she went straight to the point.

Luo Qing Yun looked at Xie Yue E in front of him and she already understood in her heart that the reason she had come to find him today, was not purely to repent.

"What do you think I can do for you now?" She spoke somewhat sarcastically.

The current her was unable to even take care of herself, so what ability did she have to help her?

"Only you can do this." Xie Yue E said as she took a deep breath, "I want you to tell Mr. Su not to make things difficult for her, she knows she's wrong, Jiang De Yue and I have already taught her a lesson, in the future she will never dare to do such a thing again."

After Luo Qing Yun heard this, her expression clearly froze.

Seeing that she was not willing, Xie Yue E stood up and knelt in front of her, "I'm begging you mother, Jiang Family cannot fall."

Luo Qing Yun looked at his mother who was kneeling in front of him, and suddenly felt that it was very sarcastic. Never in her wildest dreams would she have thought that one day, his mother would kneel in front of him and beg him to save her brother, just like how she had knelt at the entrance of the Jiang manor.

"I'm sorry, I can't help you with this." Right now, she and Su Chen Hao were strangers, she could not go and find him.

Besides, even if she went to find him now, he might not have the time to see her while he was busy with his wedding.

Hearing her decisive rejection, Xie Yue E's expression instantly became agitated, "Why can't you help me? Aren't you Su Qi Ze's girlfriend? It was only because of you that he was able to deal with the Jiang Family.

When Luo Qing Yun heard these words, she suddenly came to a realization. It was clear that the Mr. Su in their hearts was not the same person.

The Su Qi Ze who had saved her that day, in order to help her break the siege and announce that she was his girlfriend, was the one who truly took revenge behind the scenes, Su Chen Hao.

"Get up, I really can't help you. Su Qi Ze isn't my boyfriend."

"Qingyun, do you really want to watch me die?" If Su Qi Ze wasn't your boyfriend, why would he announce it in front of so many people? A man of his status and position would never speak without thinking. "Of course, Xie Yue E did not believe her. In her opinion, Luo Qing Yun was just looking for an excuse to not help.

Luo Qing Yun didn't know how to explain her relationship with Su Qi Ze. The most important thing was that Su Chen Hao was indeed taking care of Jiang Family, but he was carrying the blame for him, Su Qi Ze.

"How about this, if you don't feel at ease, I'll bring Jiang Zhi Xin in front of you tomorrow and have her kneel down to pour some tea for you so that she can apologize." Xie Yue E just thought that she was still unhappy about being humiliated that day, and directly pushed Jiang Zhi Xin out of the way.

Luo Qing Yun did not want to see Jiang Zhi Xin anymore, so she naturally did not want to make tea to apologize. Turning her head to look around, he realized that because of Xie Yue E's kneeling, it had attracted a lot of customers to watch.

Chapter 72

Do you want to marry me?

She didn't want to be the center of attention, so she reached out to help her up. "Stand up first, then we'll talk."

Seeing her say that, Xie Yue E's face immediately revealed a happy smile: You agreed?

"Get up. Hurry and get up." Luo Qing Yun lowered her head, not wanting others to see her face.

Therefore, Xie Yue E stood up and returned to her seat, "Qingyun, mother knows that you are a kind-hearted child, don't worry, this time you will forgive Jiang Zhi Xin. In the future, I will be the big contributor to the Jiang Family, they will not dare to think of kicking me out. I'll take care of that girl for you. "

Luo Qing Yun didn't want to hear about the matter between her and the Jiang Family, so she stood up, "I'll be leaving first.

With that, without waiting for Xie Yue E to get up, she quickly walked out of the coffee shop.

On the main street, the sun was shining brightly in the sky, scorching the earth.

Although the hottest summer was over, the early autumn sunshine was enough to make people feel dizzy.

Due to Luo Qing Yun being in her initial stages of pregnancy, his body was often unwell. After walking on the street for a few minutes, his body suddenly felt weak.

He found a shady place on the street and rested for a while. Then, just as he was about to move forward, his phone rang again.

He took out his phone and saw the caller ID. It was Qiu Ye.

In truth, Qiu Ye had already called 108 times. It was just that she did not know the reason why his phone was turned off.

After hesitating for half a second, she still connected the call.

"Qingyun, my aunt, you finally answered the phone. Tell me, where are you? Do you know that CEO was about to go insane from your sudden disappearance? "

Qiu Ye's voice came from the phone. In the midst of his anxiety, he also let out a clear sigh of relief.

Of course, Luo Qing Yun would not believe what Qiu Ye had said on the phone. How is this possible?

But because Xie Yue E asked her to, she had to look at Su Chen Hao again. Raising her head to look at the tall building in front of her, she spoke into the phone, "I am at the Imperial Court Square."

"Alright, stand there and don't move. I'll come over to pick you up right away." After Qiu Ye finished speaking, he was still a little worried, and warned again, "Don't move, our company is right here. Give me five minutes, and I promise to appear within those five minutes."

After hanging up the phone, Luo Qing Yun squinted her eyes and looked at the towering building in front of him. Adjacent to it was another tall building.

In the past, when she was chatting with He Mei Xin at the café opposite them, she was the one who mentioned that the owners of these two buildings were going to get married.

She had never dreamt that the man beside her would actually be the owner of one of these buildings.

Sometimes, this world was just that mysterious. There were many things that the entire world knew, but the people involved would often be the last to know.

Five minutes later, Qiu Ye was on time.

Qiu Ye sat in the seat of secondary driving and said to her, "Miss Lowe, get on the carriage."

Luo Qing Yun looked at the back of the car, the black sun film completely isolating the inside of the car, under the bright sunlight, she could not see the situation in the back row.

Forget it, since I've already decided to pass, there's nothing to be afraid of.

Taking a deep breath, she stretched out her hand and opened the back door of the car. The moment the car door opened, a gust of cold air rushed out,

causing her, who was drenched in sweat and basking in the sun for five minutes, to feel her pores suddenly searching and her entire body shivering.

Looking up, he saw a familiar figure seated behind Driver.

Su Chen Hao, he actually came!

Ever since that day when Huo Xi Wen had qualified, she had not seen him again.

When they saw each other again, their feelings had changed.

He became unfamiliar and distant.

The driver turned to Su Chen Hao and asked: "CEO, where are we going now?"

"Any café."

"Villa!"

The two of them spoke at the same time, but the answer was completely different.

Luo Qing Yun did not want to return to the villa where they had lived together for a period of time.

However, the driver wouldn't listen to her. He started the car and drove straight to the villa.

Su Chen Hao's villa wasn't that far from the company's, so they arrived very quickly.

Luo Qing Yun got off the carriage and entered the house, but she did not see Sister He.

"Erm, you guys take a seat first, I'll go make some tea." Qiu Ye consciously assumed the role of a servant and entered the kitchen.

Su Chen Hao walked to the side of the sofa and sat down.

Luo Qing Yun stood not far from him, and looked at him.

Neither of them spoke first, and time passed second by second. The atmosphere was cold to the point of freezing.

When Qiu Ye served steaming hot tea, he realized that the two were still in a stalemate and hurriedly went forward to break the stalemate. "Come, come, the tea is here.

He placed the tea on the tea table. Because Luo Qing Yun was standing, Qiu Ye asked again, "Qingyun, why are you standing there like an idiot? Come, come, come. Let's sit down. "

"No need, I only have a few words to say, and then I'll leave." Luo Qing Yun glanced at Qiu Ye coldly and said.

Qiu Ye looked at Su Chen Hao and discovered that his face was ice-cold and terrifying. He quickly covered his mouth and retreated to the side, deciding not to get involved.

Luo Qing Yun slowly raised her eyes, looked at Su Chen Hao who was on the sofa, and said, "Regarding the matter with the Jiang Family, please show mercy, and don't make things difficult for them anymore."

"What else?" he asked, opening his mouth. He wanted to know what her words were about.

Luo Qing Yun looked at his expressionless face, and the tip of her nose started to ache. Some liquid started to swirl in her eyes, but stubbornly refused to flow out.

"Also, thank you for taking care of me during this period of time." This was her second sentence. Her voice was choked with sobs.

"Heh ..." He sneered. He knew clearly in his heart that her thanks was a form of irony.

"Finally, I wish you a happy wedding." This was her third sentence. After she finished speaking, she turned around and prepared to leave.

However, just as she turned around, her wrist was surrounded by a wave of warmth. When she turned around, she saw that his palm had already firmly grabbed onto her wrist.

"Did I allow you to go?" With a slight push of his hand, she was pulled right in front of him.

Leng Ning's gaze was fixated on that misty little face of hers. It felt as though a sharp knife was stabbing into her heart.

Anger, yes, that was all she could read in his eyes.

But, on what basis?

What reason did he have to show such an expression?

"You won't allow me to leave. Will you marry me?" Luo Qing Yun raised her head, not afraid of his gaze at all, and replied respectfully.

Chapter 73 - Savior

"What did you say?" Su Chen Hao's brows suddenly furrowed, he probably did not expect Luo Qing Yun to say this.

Marry her?

He hadn't thought about it, but he knew that he liked her.

"Do you think I'm delusional?" Luo Qing Yun revealed a self-deprecating smile, "That's right, I also know that my identity is not worthy to marry you. However, Su Chen Hao, since you don't intend to marry me, why did you provoke me? Or do you think that for a woman like me, as long as I spend money to maintain her, it would be enough? "

"I can't marry you." He opened his mouth, but his voice was deep and assured.

At least, not now.

Luo Qing Yun listened and nodded, "I understand."

"Won't you stay by my side? Other than the identity of the Mrs. Su, I can give you anything else. " It was the only compromise he could make, and he was trying to keep her.

"But what should we do? I just want that. " She looked at him with tears in her eyes. Her tone was like she was acting coquettishly, but it was more like she was suffering endlessly.

"Luo Qing Yun, enough!" His patience had run out and her tone had hardened.

"The one who should stop at that is you, Mr. Su. Since you have decided to marry her, why are you pestering me here? What you want is only an obedient pet. After I, Luo Qing Yun, leave, there will still be other women to fill this gap, right? " Luo Qing Yun no longer dared to have any extravagant hopes for him.

"You really think so?" He looked at her, a cold glint in his eyes, and the hand on her wrist gradually relaxed.

Seeing that he had finally let go, Luo Qing Yun understood that it was impossible between them.

"I can't give you back the money my dad took from you, but you're so rich you shouldn't care, right?" Although she really wanted to return the money Luo Jian Hai had taken from him, but she knew in her heart that right now, she was completely broke. She didn't even have a job, let alone return the money, it would be hard for her to support herself.

Since he couldn't return the favor, he might as well play it off. She believed that he wouldn't bother with her.

However, even if she did not bring up this matter, it would still be alright. Instead, it was by bringing it up on her own accord, which gave Su Chen Hao a chance to force her to stay behind.

"Debt for money, I seem to have told you that a long time ago." He sat back down on the sofa, his expression as cold as a glacier.

"What do you mean?" Luo Qing Yun looked at him, causing the small heart to sink down, as a bad premonition rose in her heart once again.

Su Chen Hao raised his eyes indifferently, but didn't say anything. He only told her with his gaze, do you want to pay me back? There is nothing so good in this world.

Taking a deep breath, she nodded, "Alright, I will return it. I will work hard to earn money and return it to you."

"Since you have the mind to return the money, then stay here. I lack a butler. Isn't that what you're good at?" The money your father took from me will be deducted from your salary! " As soon as he opened his mouth, he solved her job problem.

"No need, I'll go out and find another job." Even if she had to pay him back, she wouldn't stay by his side and earn money from him.

Seeing that she had made up her mind, Su Chen Hao sneered, "Go outside? How would I know if you're going to run away with a debt? "

"You ..." Luo Qing Yun was so angry that she couldn't even speak, "Could it be that you want to restrict my freedom?"

She was just in debt, not a criminal.

What right did he have to imprison her?

"You are free to go in and out, but you must work eight hours a day." He didn't want to force her into a corner. After all, he still had some understanding of her personality after these few days together.

Although she usually looked as gentle as water, her heart was strong. If he forced her into a corner, he wasn't sure what she would do.

He would give her freedom, and she would be relieved.

At least eight hours a day, she didn't have to face him.

"Alright, I'll start work tomorrow."

"Starting from today!" As he spoke, he crossed his legs and casually picked up a magazine that was neatly placed on the tea table and flipped open a book.

Luo Qing Yun stood in place, at a loss of what to do.

Starting from today?

Isn't that starting now?

Seeing that the two of them had finished chatting, Qiu Ye walked over and said, "Come, come, after talking so much, your tea must have turned cold. I've changed it for you guys again."

"Is there a need for you to do such a servant's thing?" Su Chen Hao stared at the magazine, but his tone was very sharp.

Luo Qing Yun knew that the "servant" in his mouth was referring to her. She held back the tears in her eyes and walked to the tea table, squatted down, and picked up the teacup above her head to go to the kitchen.

Qiu Ye looked at Su Chen Hao's cold face, and was not satisfied, he could only sigh, "CEO, what is the need for you to do this, can't you just directly tell Miss Lowe the truth?"

"It's the Housekeeper Luo!" Su Chen Hao corrected him, "Qiu Ye, remember this. Don't call me wrongly again."

"But ..." Qiu Ye knew that Su Chen Hao was unable to let her go, which was why he had used such a method to keep her.

"Why not let the Miss Huo explain it to her? Perhaps, she will listen to Miss Huo's words, and this way, she will know the reason why you have to marry her, and she should be able to understand it." Qiu Ye did not want to see the two of them being so awkward because of the misunderstanding. As an outsider, he saw very clearly that although his own CEO did not want to admit it, it was also true that he did not want Luo Qing Yun to leave.

Hearing his suggestion, Su Chen Hao immediately kept the impurities in his hand, his cold eyes staring straight at him, "Don't bring Xi Wen in."

After Qiu Ye heard this, he understood in his heart, "I understand, for someone like Miss Huo, if he knew that there is someone else in his heart, she would definitely not take away someone else's good fortune."

"I owe her this. I must repay her." Su Chen Hao said as he looked out of the window.

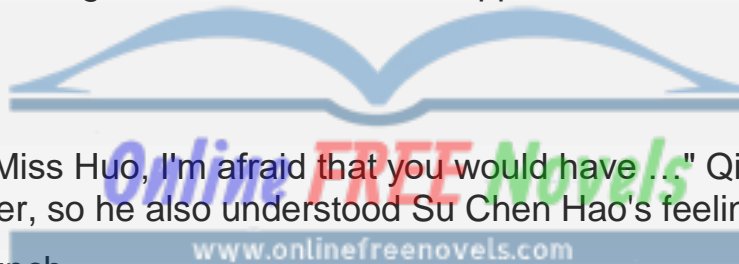

The sun was shining brightly in the sky, illuminating the garden with its bright trees and flowers.

Eight years ago.

Fortunately, at the critical moment, a girl drove by and witnessed the scene of the car accident. She ignored his safety and saved him from the severely deformed car.

A minute after he was pulled out of the car, there was an explosion.

No one dared to imagine what would have happened had it not been for that girl.

"Yes, if not for Miss Huo, I'm afraid that you would have .." Qiu Ye knew about that matter, so he also understood Su Chen Hao's feelings.

Chapter 74 - Lunch

"Speaking of which, the Miss Huo is also a pitiful person. Even though she is the only daughter of the Mr. Howe, she can't inherit everything from the Mr. Howe because she isn't a boy. In order to protect her family's fortune and not fall into the hands of the rest of the people in the Huo Family, she can only allow the Miss Huo to get married. And the only person in this world that the Miss Huo can trust and marry is you, CEO. Moreover, there is still the marriage contract between the two of you. Be honest and reasonable, others cannot have any chance to criticize you. "

"When Mr. Howe dies, you will succeed in taking over the position of Hauptverwaltungsgebäude in the company, and the marriage will be annulled."

Su Chen Hao listened to Qiu Ye's laments silently as he turned his head to the direction of the kitchen, the busy figure.

At most, three years, Luo Qing Yun, you can wait, right?

Although Su Chen Hao's woman had become his butler, Luo Qing Yun did not plan to live in this villa anymore.

In the evening, she prepared dinner. When Su Chen Hao and Qiu Ye entered the dining hall, she was prepared to leave.

Su Chen Hao sat down and took a look at the dishes on the table.

Qiu Ye saw that Luo Qing Yun was about to leave the restaurant, so he asked, "Qingyun, where are you going? Sit down and eat together. "

"No need, I live far away. I'm afraid I won't have a car if I'm late. Leave the tableware there after you finish eating. I'll come and collect it in the morning." She replied without turning her head.

"You don't live here at night?" Hearing that, Qiu Ye secretly looked to the side, to see Su Chen Hao's expression, to see that he was expressionless while drinking the soup, and had no intention to talk.

"Didn't Mr. Su say that before? I work eight hours a day. As for the time outside of eight hours, I think I'm free. " Her words were laced with sarcasm, and his voice was cold.

"You ..." Qiu Ye opened his mouth, wanting to ask his to stay.

"Let her be." Su Chen Hao, who had not spoken all this while, put down the soup bowl in his hand and said coldly.

He had already used an unfair method to force her to stay by his side. He knew that if he were to force her again, both of them would suffer in the end.

"CEO, she hasn't even eaten anything." Qiu Ye didn't understand why his own boss could still be so calm at this time.

Su Chen Hao raised his eyes and looked at him disapprovingly, "Do you think that if you leave her here, she will be able to eat it?"

Qiu Ye thought and immediately shut his mouth.

That's right, there were some things that couldn't be done. Perhaps what she needed the most right now wasn't to eat, but to find a place to vent her feelings.

Luo Qing Yun left the villa and walked two kilometres to the main road.

Usually, when she was driving in and out of the car, she didn't feel that the villa complex was that big. Today, she would walk on two legs and finally understand why the villa complex was so quiet even though it was located in the center of the city.

Because the area of the green area was too big, the layers upon layers of uncle formed a natural soundproofing barrier, isolating all the noise outside.

After waiting for more than ten minutes, the bus finally stopped. The door opened and she saw that it was packed with people.

Should I go up?

Normally, she would not hesitate at all.

But now, she had a tiny life in her stomach. In such a crowded environment, she couldn't help but worry about whether there would be any danger if she accidentally squeezed in.

By the time she stopped, the car had closed the door and was moving forward.

Looking at the bus leaving in a cloud of dust, her hand lightly caressed her flat stomach, feeling nothing but desolation in her heart.

"Ding dong." The phone in his bag rang. It was a text message reminder.

She took out her phone and took a look, it was a message from He Mei Xin, "Qingyun, come to the well water restaurant quickly, our department is having a meal, a few of our colleagues can't come because they have something on, so there are a lot of delicious things to eat. The manager told us to call for the family, you should hurry up, big sister will take you to fly."

Luo Qing Yun read the message and was about to refuse.

She had never liked places with more people, especially now that she was in a bad mood. She was even less willing to eat with a stranger she did not know.

But before she could finish editing the message, Mei Xin's second message flew over, "Qingyun, come over quickly, even if you don't want to eat, for my nephew's sake, you have to eat well. Don't cook instant noodles at home again.

Hearing her words, Luo Qing Yun's heart inexplicably warmed.

That's right, she wasn't alone anymore. Even if she didn't want to eat it, she had to survive for the sake of the baby in her stomach.

"Alright, I'll be nearby. I'll be right over." After replying to the message, she lifted her foot and walked in the direction of the restaurant.

When Luo Qing Yun arrived at the entrance of Jing Shui Dining Hall, she had already been waiting for her for a long time.

When the two met, Mei Xin immediately pulled her into the private box.

Luo Qing Yun was dragged by her, and asked while walking, "Your department is having a meal, is it appropriate for you to call me here?"

"What's wrong with that? Our manager said that you can call your family." Rest assured, he could not finish all the dishes on the table. "You don't need to socialize with anyone else. Just focus on eating your food."

As the two of them spoke, they had already entered the room.

At this time, the dishes had just arrived. Everyone was looking at the table full of delicious dishes, and their mouths were agape.

He Mei Xin led Luo Qing Yun to take a seat. The department manager was a man who was around 30 years of age, and upon seeing Luo Qing Yun not long after their wedding last year, he smiled and said, "Mei Xin, you went out for a long time and brought a great beauty over, why didn't you introduce her to us?"

Hearing the manager's words, He Mei Xin laughed, "Manager, the others' introductions are still alright, but with you asking for introductions so urgently, are you not afraid that sister-in-law will know?"

She was making a fool of herself, which made everyone laugh.

The manager was usually a good person in the company. He had always been kind to his subordinates, so everyone could laugh at him without restraint.

Although Luo Qing Yun felt a little awkward, she still stood up naturally and unrestrainedly, and introduced herself to everyone, "Hello everyone, my name is Luo Qing Yun, I'm Mei Xin's good sister. I've come uninvited today, so it's a bit of a surprise. I hope it won't ruin everyone's mood. "

"Miss Lowe right? Even though we're all having a department's dinner, we have a close relationship with friends, so there's nothing to be unhappy about, as long as you don't mind us making a ruckus. " The manager waved his hand grandly.

"That's right, that's right. Come, let's not talk about anything else for now. Let's raise our glasses and toast to the manager first. Without him, who knows how long we would have waited for today's meal." "Let's thank the manager first." At the table, someone raised a glass of wine and suggested.

Thus, everyone raised their cups.

Since Luo Qing Yun was pregnant, she naturally couldn't drink alcohol. Mei Xin poured a cup of fruit juice for her and clinked his glass with everyone.

After drinking the first cup of wine, everyone began to chat and laugh.

Chapter 75 - Meeting of "Love Enemies"

Luo Qing Yun was in her early stages of pregnancy and had a bad premonition, hence she did not have much of an appetite.

However, she also knew that the more she vomited, the more she had to eat. Otherwise, how could the child in her stomach grow up without any nutrition at all?

Thus, after hearing Mei Xin's words, she buried herself in the food.

After three rounds of drinking, the lady on the table seemed to have gotten a little drunk. Luo Qing Yun was also full, so she reminded He Mei Xin who was beside him with a flushed face, "Mei Xin, I'm full. Don't drink so much. "

"Don't worry, I'm fine. I won't get drunk." He Mei Xin waved her hand loudly, then suddenly looked towards the door and exclaimed: "Miss Huo?"

As she shouted, everyone on the table also looked towards the door. As expected, they saw Huo Xi Wen walk in from the outside with a sweet and charming smile on her face. "I was eating upstairs, and heard from Assistant Yang that the two of you were gathering here, so I came over to take a look.

The manager was the first to react, he immediately stood up from his seat, "Miss Huo, what are you saying, it is our honor for you to visit us. Please take a seat. I'll let the waiter take the seat. "

Huo Xi Wen waved her hand, "There's no need, the person to pick me up will be here soon, I won't be here for long."

"Miss Huo, is the person who came to pick you Young Master Su?" At this time, the drunk He Mei Xin raised his hand and asked loudly.

As soon as she spoke, everyone's breathing became sluggish.

In the department, everyone talked to the manager and they were used to joking.

But in the end, Huo Xi Wen was the group's daughter, so everyone rarely saw her, let alone spoke a few words to her.

Now that she had condescendingly come over to greet these employees, everyone should be grateful for her kindness, so they could speak with caution.

But He Mei Xin's words caused the atmosphere to turn cold.

Everyone carefully looked at Huo Xi Wen, afraid that she would be angered.

Huo Xi Wen originally did not pay attention to He Mei Xin's side. Hearing her words, her gaze immediately shot towards her, but her expression was stunned for a moment, and the smile on her face seemed to freeze.

Seeing the change in her expression, the manager was instantly drenched in sweat. He opened his mouth and was about to smooth things over, but then he saw her smile again, "Did we meet somewhere before? "You look very familiar."

When she said this, she was looking at Luo Qing Yun.

Luo Qing Yun looked at her, her heart thumping.

Was this a narrow path for enemies? She actually met him in such a manner, and even recognized him.

When a love rival met her, they should have been extremely jealous, but for some reason, when Luo Qing Yun saw her, she did not. Instead, she felt ashamed and inferior to her.

That night, because the light was not too bright and the distance between them was too far, she could not see her face clearly.

Now that they had met again, she could clearly see her gorgeous face and the noble lady's elegant aura around her. She seemed to understand why she had lost.

Perhaps, it was not his family background.

She might not be able to win in a fight for face.

Slowly getting up, Luo Qing Yun knew that she had been recognized, and instead of reminding her of the places where they met and causing a misunderstanding, she might as well confess it herself. Thus, she simply spoke out, "Miss Huo, hello, I am the butler of Mr. Su, we met before at Mr. Su's villa."

In the future, they would probably meet again.

"Ah, I remember now. When I went to Big Brother Chen's house that day, you were also there. "So you're his housekeeper. I thought you were his ..." Just as Huo Xi Wen was about to say something, he heard the assistant next door cough loudly, causing her to swallow the words that were about to leave his mouth.

Looking at the drunk He Mei Xin beside Luo Qing Yun, she said, "I say, how did she know that the one who would come to pick me up was Big Brother Chen? You must have told her, right?"

"No ..." "I didn't ..." Luo Qing Yun denied it, but she quickly realized that Su Chen Hao might come here later.

She couldn't help but feel anxious. She didn't want to meet him outside.

"So Miss Lowe is Young Noble Su's butler. Looks like our Hauptverwaltungsgebäude and Royal Group are fated to meet." the manager concluded.

Huo Xi Wen smiled at everyone, she raised her hand and looked at the time on the wrist watch, "It's almost time, he should be here soon, you guys eat slowly, I'll be leaving first."

With that, he instructed Assistant Yang beside him, "Qing Qing, go to the cashier and buy the goods for them. If you need anything more, ask the manager to report to you tomorrow."

"Yes, Miss Huo." Yang Qingqing agreed and accompanied her out of the private room.

Watching the two of them leave, Luo Qing Yun let out a long sigh of relief. It was so close, she almost saw Su Chen Hao again.

Outside the restaurant, Su Chen Hao's black inn was parked steadily. Huo Xi Wen got on the car with a particularly happy smile on her face.

"You're in a good mood today?" Su Chen Hao glanced at her unconcealable smile, and started the car.

"Big Brother Chen, guess who I just met at the restaurant?" Huo Xi Wen asked mysteriously.

"Who?" Su Chen Hao's retort seemed to be a little careless.

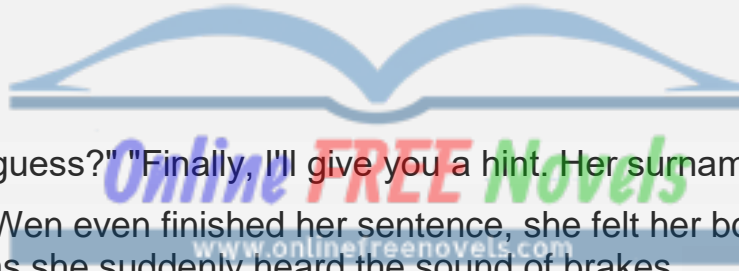

"Here's a hint, a woman." Huo Xi Wen did not want to reveal the answer so quickly, hence she gave a hint.

"Hmm?"

"Can't guess it? Then let me give you a hint, a woman who has something to do with you. " Huo Xi Wen said again.

Hearing this, Su Chen Hao frowned slightly.

He really couldn't think of which woman was related to him that she could meet here.

"You still can't guess?" "Finally, I'll give you a hint. Her surname is Luo ..."

Before Huo Xi Wen even finished her sentence, she felt her body suddenly move forward as she suddenly heard the sound of brakes.

"Aiya ..." Big Brother Chen, why did you suddenly do this? " Huo Xi Wen patted her chest, and said with a face filled with shock.

Su Chen Hao also realized that his reaction was overdone, he focused and stepped on the gas again, expressionlessly explaining, "There was a car beside us just now, I was afraid of bumping into it."

Hearing that, Huo Xi Wen let out a long sigh, "I was just saying, I don't know how to get their driver's license, but it's too inattentive to drive. "Scared to death."

"You said that you met Luo Qing Yun in the dining hall?" Su Chen Hao changed the topic and asked.

"So her name is Luo Qing Yun, I heard the department head at our company call her Miss Lowe." "When I saw her at your villa that day, I thought she was your lover. But today, I found out that she was your housekeeper."

"Did she say so herself?"

Housekeeper? She adapted quickly to this identity.

"Yes, she said she was your housekeeper. Big Brother Chen, you have really good taste. You even found such a pretty housekeeper. Tell me honestly, is there any ill intention in your heart? " Huo Xi Wen could not help but tease.
